

From the Anthem Community Council - written by ACC Chair Liz Kenny

Dear Families,

This term I have continued to work with the Eco Warriors in hopes we can attain a Green Flag status for ASJS. We're almost there...

To support this endeavour this term we have been:

Litter picking... and what an amazing job the litter picking eco-warriors did tidying up Brownlow Road!

Connected with a local business; Green Park... who wanted to reward Ayat and Swayam and their hard work with the Eco Warriors by giving them a tour of their 195 acre grounds; discussing and inspiring about them about the Environment:

In other news, last term the Eco-Warriors joined with the Friendship student leaders to fundraise. Thank you to all families who supported this! An amazing £167.87 was raised. The Eco Warriors have used this money on bird feeders, bird food, binoculars, magnifying glasses and wildflower seed.

The Year 6 Friendship student leaders, Thalia and Varshitha decided to use their fund to create a celebration of friendship tree. A way for students to note down and display special moments of friendship. Well done girls - what a beautiful legacy to leave the next generation of Friendship leaders!

Have a wonderful Summer Holiday everyone!
