Percentages

There are 2,200 people at an airport terminal.
25% of them are children.
How many adults are there?

75% are adults.	$\frac{1}{4}$ of 2,200 =
$75\% = \frac{3}{4}$	$2,200 \div 4 = 550$
$\frac{3}{4}$ of 2,200 =	$550 \times 3 = 1,650$
∴ 1,650 people are adults.
