We have reviewed thoroughly outcomes for our disadvantaged students and have identified 5 areas that continue to be a challenge for this group. These challenges will underpin the strategy for this academic year.

Reflection on 2023-24 priorities and their impact by outlining the performance of disadvantaged students detailing the impact made.

Intended outcomes	Impact
1. For attendance of our PP children to be no lower than attendance for our non-PP children	Our attendance was 96.4% last year – with attendance for our PP children being 95.8%. This was largely due to 3 PP children taking holidays during term time. These were unauthorised.
2. For attendance of our PP children to be ‘good’ compared to the national data.	Our figure for our PP children was above PP national (91.8%) and above non-PP national (95.2%). Despite this we will be working hard to ensure that the attendance for our PP children is inline with our non-PP children.
3. PP children will all make good or better progress in reading, writing, maths and socially and emotionally.	All our PP children met national expectations at the end of KS2 in 2024 with all other PP children meeting the targets set for them.
4. All PP children will enjoy the wide range of enrichment activities we have on offer	All PP children were included in every aspect of school life including being on our CLT
5. All PP children will have the appropriate school uniform	This was the case

Current Challenges: key challenges to achievement that we have identified among our disadvantaged pupils

Detail of challenge
1. The attendance of some of our PP children is below our school target of 97%
2. Some of our PP children are not making as rapid progress in their reading, writing, maths and socially and emotionally
3. Some of our families have difficulty paying for uniform, educational visits and other educational activities

Intended outcomes & how we will measure success

Intended outcome	Success criteria
For attendance of our PP children to be no lower than attendance for our non-PP children.	Attendance of our PP children is at least in line with National and no less than our overall attendance figure

For attendance of our PP children to be 'good' compared to national data.	Attendance of our PP children is at least in line with National and no less than our overall attendance figure
PP children will all make good or better progress in reading, writing, maths and socially and emotionally.	All our PP children will make at least good progress from their KS1 data – with an aim that every PP child leaves us have met ARE at the end of KS2
All PP children will enjoy the wide range of enrichment activities we have on offer.	All PP children are fully involved in school life – including holding positions of responsibility on our SP.
All PP children will have the appropriate school uniform and necessary equipment.	All PP children have the appropriate uniform including PE kit and any essentials needed for residential and school trips.
